Academics

DEGREE/EXAMINATION	INSTITUTE/UNIVERSITY	YEAR OF PASSING	PERCENTAGE SECURED
B.Tech (Computer Science)	Symbiosis Institute of Technology, Symbiosis International University, Pune	2014 (July)	CGPA till date: 3.282 (out of 4)
Class XII	K.C. College, Mumbai University (H.S.C board)	2010	89 %
Class X	St. Mary's ICSE, Mumbai	2008	91 %

Experience

• Co-Head of Technical Team for Symbiosis Institute of Technology's fest - Reverb 2012.

I designed the Fest website and wrote the server end for registrations in PHP. As the co-head I mitigated technical solutions and worked as a part of a team to solve technical snags during the Fest, manage databases of participants, manage logistics and technical finances. Our technical team provided technical and design guidance to Media and Marketing teams.

• Extra Curricular:

1. Worked with IRAM (Initiative for Reconstruction And Mobilization) from May 24th to July 15th, 2011

IRAM is a Delhi based NGO. I worked with them in their initiative to educate underprivileged students in the states of Delhi and Haryana (India) through the 'Sarva Shiksha Abhiyan' UEE Mission (Universal Elementary Education for All)

2. Member of The Bharat Scouts And Guides

I served actively as a Scout in The East Bombay Bharat Scouts and Guides Association through St. Mary's ICSE, Mumbai, from class 6th to class 10th.

Projects

Website for Reverb 2012 Annual Fest of Symbiosis Institute of Technology

PHP JQuery HTML+CSS

The Website was used to accept registrations and record participants' data. The back-end was developed in PHP and it doubled as an offline participant management system.

Minimalistic Blogging System Written in Python using the Flask Framework

Python Flask Bootstrap

Github: <https://github.com/ashutoshrishi/adventuresontheweb>

It is a barebone simplistic Blog using plain text markdown files for posts. Perfect for people who love plain text files. The project is written using the Flask framework in Python.

Interests

Open Source, Contributing to FOSS Projects, Python, UX Designing, Web applications, Unit Testing, Functional Programming, Website designing and development, Robotics, Startups, Reading, Writing articles.

Technical Skills

Tools

Developing Environment

- Unix/Linux OS
- Emacs
- GIT
- Heroku
- Google App Engine

Ubuntu

Languages

- Python
- C, C++
- Java
- PHP
- HTML, CSS
- Javascript

main

Frameworks/Libraries

- Django, Flask (Python)
- LAMP Stack
- Mysql, PostreSQL
- JQuery
- Twitter Bootstrap
- GObject/GTK on Gnome

Future Goals

- Move from being primarily a developer and into devops
- Be a part of a Startup

Personal

Father's Name	Dr. Rajiv Ranjan
Mother's Name	Mrs. Manjari Bharati
Date of Birth	26th September, 1992
Sex	Male
Languages	English, Hindi
Address for Communication	D - 206, Boys Hostel Symbiosis Institute of Technology Lavale Pune - 411 042
